return appointment will be booked before you leave your procedure for a post treatment check-up. This Doctor will also want to see you 10—14 days after Should you proceed with the abortion, the Practice Doctor will ensure a timely appointment, is offered to you if you wish to use our services, or refer externally if required.
It is important that you realise, if you wish to proceed with an abortion, it cannot take place on that day. However, we will ensure a timely appointment is offered to you if you wish to use our services, or refer externally if required.
At this appointment, our Doctor will discuss the options available to you and arrange all the necessary tests.
If you are not registered with a General Practitioner, or are having difficulty finding an external referring agency, an appointment can be made for you to see our Practice Doctor at AMAC.

Referral Procedures

It is very important that patients who are not eligible to access free medical care in New Zealand realise that any laboratory tests, scans, etc. required before or after an abortion are NOT included in the fees charged by AMAC. We will endeavour to refer you to the most cost effective support services.
